CONTEMPTUOUS CONDOR

Chief of Staff and Minister of Culture of The Black Panther Party jailed for contempt of court!

When we say everything in a capitalist society perpetuates that type of society, then it should be understood that the courts are no exception. We in the Black Panther Party view the court system as the apparatus that legitimizes the criminality of the deranged ruling class. We can say that judges are ideological lackeys to the owners of the means of production. In viewing this system from an objective point of view, it is easy to understand the inhumane treatment by the ruling oligarchy over this blood-covered land that is filled with the bones and bodies of victims that fell prey to the contemptuous condor in the black robe. When one of these blood sucking vultures sees the opportunity to pacify his rulers, he picks the most humanitarian person there is, and when pretext is seen through the eyes of a foul depraved creature, he expands his blood dripping claws. Such is the case with the Chief of Staff, David Hilliard, and the Minister of Culture, Emory Douglas. When I say humanitarian person I am sighting one of the basic traits of a revolutionary which make him an enemy of the state, and when he falls prey to U.S. fascism he becomes a political prisoner.

The incident took place in New Haven, Connecticut, April 14, 1970, in the morning while attending the trial of Bobby Seale, the Chairman of the Black Panther Party. The contemptuous condor used the pretext of a paper to incarcerate the Chief of Staff and the Minister of Culture of the Black Panther Party in an attempt to silence them

from furthering the support of our Chairman against the man eaters, the venomous vicious vipers of the black robes, the contemptuous condors, the fate-decider of mankind. So later for the court because the oppressor has no rights that the oppressed is bound to respect and these ideological arms are no exceptions. We understand the tactic of the pigs by trying to rip off the leaders, and the members in general. These myopic buffoon pigs don't understand that the Black Panther Party is manifested in the people. As a result of the pretext, the Chief of Staff and the Minister of Culture received a six month jail sentence on which bail was denied; and when their lawyer put in for an appeal of the most contemptuous flagrant violation of their so-called "constitutional rights", in a place of mediation, it was quickly denied.

To the people of New Haven, we cannot allow this madness to continue, we do the only thing that is left to do—inflict a political consequence by making it non-profitable for the power structure in conformity with the conditions in New Haven, and we know what the owner of production owns which should constitute our primary task in furthering the people's struggle, so that man can benefit from his own productivity, in the interest of mankind. We must free the people's warriors from the clutches of the criminals by any means necessary.

FASCIST ATTACKS ON THE PARTY WILL ONLY HEIGHTEN OUR RESOLVE AND CAUSE EACH PARTY MEMBER TO BECOME A MATCH FOR ONE HUNDRED

Today U.S. fascism launched yet another false suppression campaign designed to intimidate and destroy the Party and pave the road for genocide against Black people. However, the actions of the fascist judge will bear out the fact that fascist attacks on the Party will only heighten our resolve and just each Party member to become a match for one hundred U.S. fascists. In the world over, engage revolutionary forces. In the same manner, they must trials of freedom and liberty with prisons and helms. Cases of hunger are met with wholesale destruction of food seeds, and poverty with multi-billion dollar speculations. These depressed producers will meet the same fate as the citizens who lived a huge bubble above his head only to have it come crashing down to mark the sight of his grave. We're not at justice as in an old tradition. The rich were of liberty and practice of our command makes us aware of the plans of these fascist pigs. To first destroy the Party, and then to follow up with their plan for eliminating the "undesirable" in Black Amer-

ica. They will, of course, follow inevitable the same path as the old man, and will reap the same bitter fruit. These pigs have been blatantly violating the human rights of Black and Third World people. For centuries, there's no longer any time left us to expose the nature of U.S. imperialism and fascism. Black people in America know about the dehumanizing predatory nature of our foe. The Party has been consistent in our policy of dealing with the law-a hundred fold, fascist pigs who run this country believe that they can do anything and get away with it. They believe after jailing our Chief of Staff, David Hilliard, and our Minister of Culture, Emory Douglas, that the struggle of Black people will be contained. Chicago, stupid fascists, can only spread their decadent law the river of fire. U.S. fascism will be drowned in its own blood. The U.S. will be smothered by the depth and impetuous violence of our fight for national salvation.

The insane fascist Connecticut judge has sparked all of us into action. He has turned loose the Black Panther

Party who will dare to struggle and dare to win against so-called "justice" and order. Our training clearly teaches us that these fascist pigs are not immortal and that today's pig is tomorrow's target. It is possible to turn off all the lights in America, so that we can see tactics that will see these fascist pigs up for the count.

The Judge has said that it is possible for the people to see pigs headed from the West Coast to the East, from the North to the South and back again, Congress agree by any means necessary. Fascist America will soon dread the birthday and curse the name of the fascist pig judge in Connecticut. The kamikaze are loose, CHICKENS! Destroy the spirit of the fascist forces seek the and annihilate them wherever they are found.

WE'LL ALL BE TOGETHER ON THE DAY OF VICTORY!

PALESTINIAN SCIENTISTS PRODUCE, DEVELOP ARMS

Reprinted from FATHA
"A PRACTICAL APPLICATION
OF JOCHEP"

Palestinian scientists and arms
experts from Fatah have now pro-
duced anti-tank RCL rockets, hand
grenades and other light arms and
ammunitions.

They have also developed the
Kalyasha rockets of the type used
to shell Jerusalem last August

26 and adapted their launcher pads.
On discovering a one of 18 such
Kalyasha launcher pads at Tel Aviv
on a rocky hillside southeast of
Jerusalem, the experts had estimated
that between 15 and 30 com-
mandos must have carried the
missiles up the barren slope.

Fatah's official spokesman said
he was developing the news now
that a Fatah commando has been
killed in occupied Nazareth and his
Palestinian-made arm and rockets
seized by the enemy.

The spokesman said the Pales-
tinian revolution is leaving to pro-
duce part of its arms supplies,
particularly that it intends to trade
and equip an army of 120,000
Fedayeen.

He said that basic changes have
been introduced to the Kalyasha
rockets which were adapted to size,

weight and range to suit the nature
of combat on a mountain and

Laurens, the Palestinian scient-
ist, the spokesman said they have
also helped the commandos open
daily breaches in the enemy's
border, raised by the enemy in the
Hezbollah area with plans to have it
extend from the south of Lake
Tiberias to the south of the Dead
Sea.

These breaches, he said, helped
the freedom fighters launch more
than 800 operations against the
enemy last December alone. More
than 500 of these operations were
carried out by Fatah.

LONNIE McLUCAS, POLITICAL PRISONER

LONNIE FACES DEATH IN THE ELECTRIC CHAIR AT THE HANDS OF THE CONNECTICUT FASCISTS

First, as a member of the Connecticut Chapter of the Black Panther Party, I would like to apologize to the people of New Haven for looking out the closure of State Area Captain Lonnie McLucas and not mentioning his name at all in the Center fold article of the newspaper of two weeks ago. As do the eight other Panthers held in the racist jails of Connecticut, Lonnie faces death in the Electric Chair at the hands of the Murder-Drugs fascists of Connecticut.

Lonnie was born in Wade, North Carolina and as a young Black man grew up in some of the most wretched conditions that exist in this foul, hell-hole called America. At the age of 24, Lonnie joined the Party and immediately displayed an unflinching devotion to the task of educating and providing the people with the leadership that we need if we are to have our freedom and liberation.

If we are to survive the concentration camps that America has waiting for us, we have to recognize the qualities that are personified in the examples that brooked Lonnie has set for us to follow. He has shown himself to truly be a revolutionary servant of the people. He has shown us that it isn't enough to understand the problems that we, as a people, are confronted with but that when you have the understanding, you must educate the people to that understanding and prepare the people for what we know is inevitable—the revolution, the struggle against the oppressor, the struggle to control our own destinies. As a member of the Vanguard Party, Lonnie consistently exposed the government for what it is—evil, "criminal", a bunch of low-lived gangsters, who do nothing but lie, steal and murder black-

ple. He brought pride and dignity and a sense of worth back among his people. Lonnie showed the people what the best way of dealing with the racist pigs is—speaking up the gun and dealing with the enemy.

Lonnie is a man that struck fear in the oppressor's heart. To hear me speak of Lonnie one would think that I am talking about some super-human being. In reality people like Lonnie, and people like Bobby Seale and Huey P. Newton, even super-human, they are just human beings who have said no to the dirt and rats and coaches that the pigs have forced us to live in, along with the dope and alcohol that is poured into the community to ease the pain of life. They have said no to the murder and brutality that is committed against the people constantly at the sick hand of the pigs who run with our communities. Lonnie is just one of many who are rising up with a strong and constant resistance to meet the threats of annihilation that our people are faced with on a daily basis. And now at the very moment this man, this revolutionary who in his cell at the State Jail in U.S. Field wondering and hoping that the education and teachings of Huey P. Newton are being picked up by those of us who are still on the outside. He awaits the trial. Not the trial of the state against Lonnie McLucas, but the trial of whether we, the people, will rise up or die, whether we, the people, will fight or submit, or whether we, the people will LICK THE MASTERS' BOOTIES OR TAKE THE MASTERS' HEAD.

ALL POWER TO THE PEOPLE!

TO BE OR NOT TO BE

Where is the new left now that the right is on the move? Are they underground? Where is that? These questions come to my mind when I look around and don't see the so-called "White revolutionaries" in the streets demanding that Bobby Seale and the New Haven Panthers must be set free. What I do see and hear is the sniffling of a few White mother (social) radicals who could no longer hide their racism and alliance to Zionism and whom the Black Panther Party released its most recent MANIFESTO. Well, fine it or not that is the position that the Black Panther Party has taken and it is the ONLY position in face of the open fascism that is moving to open genocide against Black people. Because it has been made very clear to us that White people work in the interest of Whites—they always have and always will. We draw these conclusions when we see Bobby Seale bound and gagged and beaten in a courtroom without his White cover-up creating any situation that would place them in a similar position. What we saw was child-like clowning on the part of the children of the bourgeoisie.

Bobby Seale was sentenced to four years in prison for demanding his legal and Constitutional rights, and we heard protests on the part of the left, 'oh, when the other seven were convicted the left was in the streets by the thousands. The streets were filled with the children of the bourgeoisie. Now that because it is a fact that there is a reluctance of Whites to spill White blood, the other niggers take to the streets. IT'S about to kill.' When pigs go after Panther's it is destroy all, kill all. The only solution to our problem is to deal pigs from the three levels of oppression: the demographic politicians, American businessmen and the racist pig cops. In the United States the three levels of oppression come only from the reactionary White ruling class. To those who ask what about Black Capitalism, we know that the Black masses can deal with the educated spokesmen and hoodlums any time they so desire.

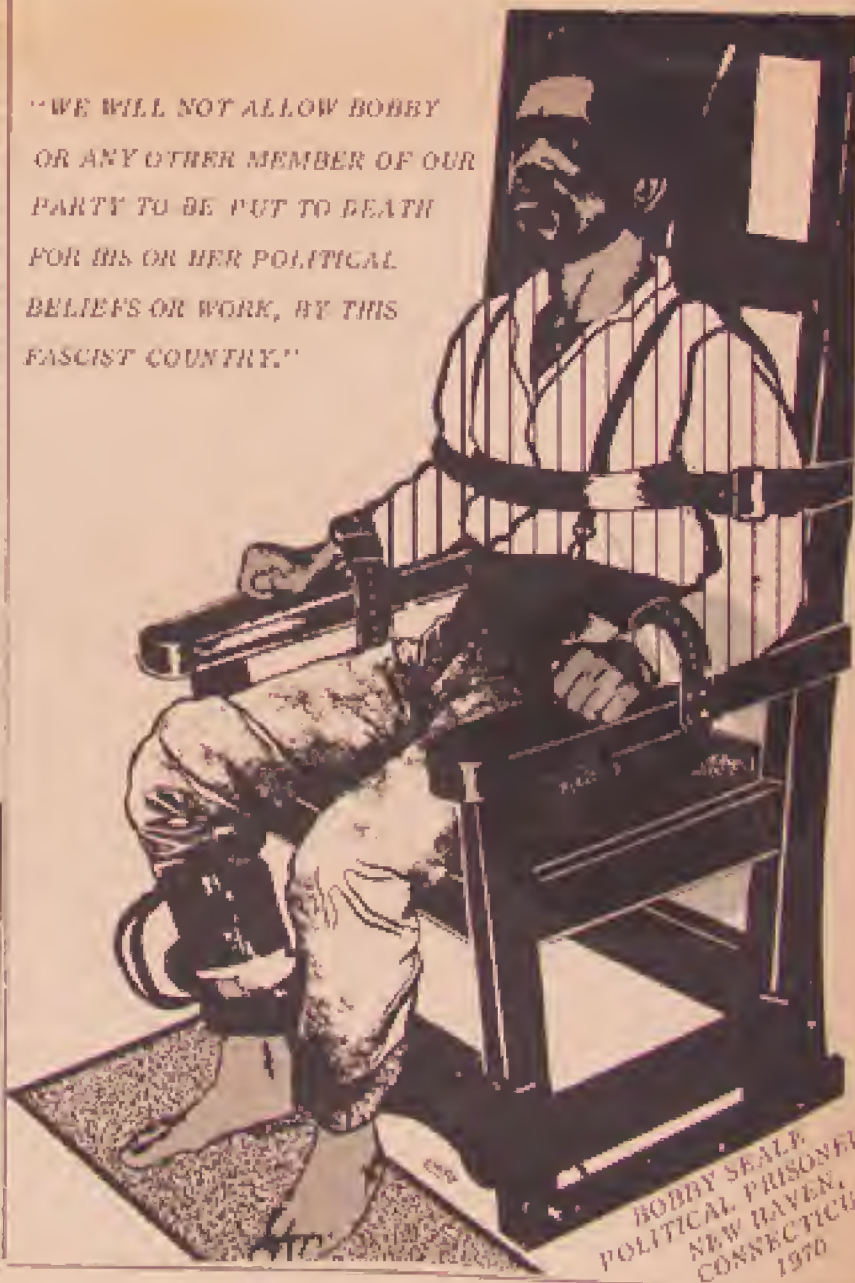

The left for the most part has criticized the Black Panther Party's position on the Middle East Struggle, being the only true Marxist-Leninist Party in America, the Party's position could only be based on Marxist-Leninism. Anyone who would oppose that could only be a Zionist in radical disguise. The Black Panther Party sees those people in the same light as it sees Judge Leonore Friedman and Julius Hoffman. The Party's position on class struggle in America has been based upon those same principles and we will not compromise our principles for anything or anyone. At the same time we will not allow Bobby or any member of our Party to be put to death for his or her political beliefs or work by this fascist country. The Black Panther Party refuses to be taken out of its position by the sudden freeze on the part of pseudo-White revolutionaries under cover of socialists, egoistical radicals, anarchists or pigs. We will not back up, we will not write our Manifesto and we will not apologize for any dead pigs. That is where the Panthers are at and

the left doesn't know it yet.

The Black Panther Party has been the most profound standard bearer of the need for class struggle in this country. The so-called "new left" has wasted Black people's valuable time engaging in idiotic ideological life service which amounts to little less than murder-murdering from books that were written over a hundred years ago. Being incurably to the left of the park of John Brown, the left has to praise the work of Che, Mao, and Ho Chi Minh and stop the revolutionary duty of a socialist necessarily refusing to act against the oppressor. The only socialist ideas we see in the left is that of national socialists (Nazis). It is not the aim of the Black Panther Party to turn off those White people who may have the guts to engage in class struggle in America and see it through. But even in them we give this warning, please don't think you can run or dictate to Black people how to run their struggle. At the same time don't take the position that you are supporting your favorite niggers because we are working, fighting, and suffering to make sure that Black people survive and gain their freedom in America. Period. To all others, we remind them that the weapon of criticism will never equal the criticism of weapons.

ORGANIZING SELF-DEFENSE GROUPS

PART-4 RECIPES

I will begin by pointing out that we must not allow the capitalist structure to define our struggle. What I mean is the language that we use like everything else in this society is in the service of the racist capitalist system. They control the educational institutions, the news media and the means of production to keep out all the educational material, we ourselves are trapped by the rhetoric (words) of the slave-master in our 400 year struggle for survival. It has been the guns and force manifested in the racist pig cops that occupy our consciousness that directly oppress, repress, brutalize and murder us. So far as to talk about survival we must talk about self-defense against this brutality and murder that is defined by the racist power structure as justifiable homicide, so when a self-defense group moves against this oppressive system, by executing a pig by any means, killing, stabbing, bombing, etc., in defense against the 400 years of racist brutality and murder this can only be defined correctly as self-defense. The slave-master, however, through his lackeys and puppets calls it terrorism, the work of crazed men, criminals, insane killers etc. We must define our struggle as the pigs (Carlos Marigella, an urban guerrilla in Brazil who was liquidated Nov. 4th 1969 just one month before Fred Hampton and Mark Clark, says, "the accusation of assault or terrorism no longer has the pejorative (negative) meaning it used to have. It has acquired new clothing, a new definition. It does not fictionalize, it does not discredit, on the contrary it represents a focal point of attraction."

"Today to be an assassin or terrorist is a quality that enables any honorable man because it is not worthy of a revolutionary engaged in armed struggle against the shameful military dictatorship and its moralist lies."

So with that, I say that all self-defense groups must strike blows against the slave-master until we have secured our survival as a people and if this takes shooting every pig and blowing up every pig ally then let's get on up.

Below are some recipes that might help some of you get started.

Away from the area or after you have thoroughly cleaned the area where you handled the above mixture take a fifth wine bottle and fill 1/2 to 1/4 full of sulphuric acid. Fill the rest of the way up with gasoline. Pour the gasoline slowly, it could bubble and heat up. Cap the bottle tightly. Shake sure it doesn't leak. You should test it first with water. To cap the bottle it is preferable to use a stopper

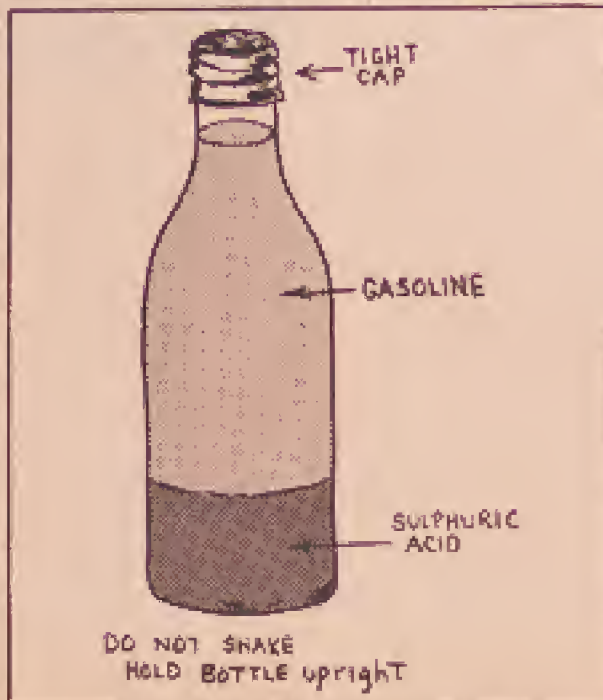

gasoline will spread the flame. The principle behind this fire bomb is when sulphuric acid comes into contact with a mixture of potassium chlorate and sugar there is an explosion that gives off a lot of heat. The more potassium chlorate the more explosive, the more sugar the more heat. For your information, this fire bomb will work even if the mixture on the sock is wet. However, it is more volatile when dry.

Over more warning before placing bottle with gas and acid into sock make sure outside of bottle is clean and is not contaminated with acid.

Insert five well into can and leave about 1 1/2 inches outside. If this is too short, you will blow yourself up. If the fuse is too long, when you throw it, it could be thrown back at you. If thrown in the open, it will kill within a 25 foot radius and maim within 100 feet. I suggest that you familiarize yourself with this weapon by practicing with a sand filled dummy. Try this and see how long the fuse that you use takes. For a strictly anti-property grenade

RACIST-MAD PIGS SIG K9 POLICE DOG ON BROTHER

On Friday night, March 27, 1970, 14 yr. old Brother John (Little Reddy) Blangrove became the victim of a brutal attack inflicted by a K9 Police dog. This brother along with two other bloods were playfully chasing each other along the sidewalk in the area of South and Snyder Streets. When the brothers approached the corner, one brother ran past bounding against a dog standing at the corner. When this happened the dog immediately grabbed the brother. The two other bloods kept running. Soon after the pig grabbed the brother, a light colored station wagon appeared. In the station wagon were two plain clothes pigs. These pigs immediately proceeded to beat up the blood, beat him in the face, and utter a vicious police dog that ripped the flesh off the brother's body. As the brother tried to escape the jaws of the pig biting him in the face, the dog proceeded to bite him all over his body while the brother was being beaten by the pig, and snarled by the dog, the other pigs who came along proceeded to chase the other two bloods. The pigs fired a shot nearly missing the head of one of the brothers.

Little Reddy, handcuffed, face badly beaten and suffering from dog bites all over his body, was taken to the local police station where he was bound on suspicion of pick-pocketing. He did not receive any medical attention until several hours later at the Philadelphia General Hospital; there they gave him one serum shot and put a bandage on each leg. The pig who

created the vicious attack was later identified as one of those tagged law and order boys of the SHANNY PATROL. The Shanny Patrol is a special segment of police which employs pigs to dress up in uniform so that they can arrest suspected pick-pockets.

The party conducted an interview with the bloods who were fortunate enough to get away. We also spoke with the brother's parents, and were able to tell the brother at the Youth Study Center. We also spoke with the people in the community who witnessed the horrid incident.

Following are excerpts from the tapes which describe the incident. We cannot use names here of the bloods because it has been pointed down that the pigs are trying to round up the other brothers.

The racist pigs approached the brothers by shouting "Get them niggers, get them niggers." They chased the bloods with butcher knives, and what appeared to be an ax. One brother was hit with a pig in the stomach.

People in the community responded to the arrest and attack angrily. When several people in the community demanded that the pigs call off the dog, they were met with racist remarks from the pigs.

The attack was so vicious, the dog ate the underwear on the brother's body in addition to bites on the brother's hands, legs and waist. The dog also bit the brother in the back and bottom. The brother suffered from severe beatings by the pigs in the face.

When Little Reddy was visited on Sunday at the Youth Study Center, his body was not healing properly. He related that the police only applied mercuric ointment on the bites. He is suffering from soreness. He is sleeping on hard beds in the overcrowded cages. The bites on his body are swollen and inflamed. The brother's first remarks to his family were, "Tell my probation officer to get me out of here, this place is pure Stryker."

Just less than two weeks ago, the brother was beaten in a cell prison. This pig beat him so bad that Methodist Hospital complained to the Police Department. Six eyes were badly damaged. The pig's name who inflicted that beating was Juvenile Age Officer, Charles Kora. Kora identified Kora as his assailant and since then, he has been harassed in his neighborhood by every pig who comes through.

At 14, John Blangrove is a married victim of Frank Rizzo's fascism. Like so many other Blackpunks in this city, pigs are on the loose to inflict more physical harm to our people. It is high time that we escalate our war on the pigs and drive them out of our communities.

Before The Time People of Philadelphia, Rizzo and all of his racist paper lickers can be rightfully blown away.

URBAN RENEWAL PEOPLE'S REMOVAL

New York City is perhaps the heart of world capitalism, and it is here that the examples are set for dealing with the poor and oppressed people that the rest of the country follows. Millions of people live in the five boroughs which make up New York City proper. Many of these people are black and Puerto Rican, and because they are poor and oppressed, they live in some of the most inhuman conditions in order to continue the subordination. Identification has

the poverty programs which was designed theoretically to help the people obtain a minimum skill in order to reduce the unemployment rate as well as giving our people, however, in reality it proved to be a complete farce while the people are now left in order to keep labor conditions solid in the case of a disastrous situation a new program has come on the forefront, known as "Model Cities."

In New York City particularly

been put into practice by way of the "Model Cities" which has been employed in some of the most dehumanizing ways one such scheme was

there exists a very critical situation in the area of housing. The essence of the problem is there is a very serious general short-

age of housing. There is an estimated 25 to 30 percent of the population living in tenements, slums, and substandard housing, etc. Housing has been allowed to deteriorate and/or to be demolished. At the same time a plan to enter housing to deteriorate has caused thousands of deaths due to fires, earthquakes, disease, etc. Such a plan is designed to remove and must be moved to that place. To very little housing is being built to replace the deteriorated housing. Slums, middle and high income housing and new office and factory buildings have been the order of the day.

From these facts the plan of the city is obvious. The new space in New York City proper is very valuable in terms of potential that they are willing to commit genocide on a whole class of people to now occupy this land, because they have over-laid their usefulness to the capitalists. They are now a three way plan of attack in operation to accomplish what is known in theory as "Urban Renewal" or "Model Cities" but in practice is People's Removal, not temporarily through relocation or permanently through death.

How can housing be allowed to deteriorate to such an extent that it causes a direct hazard to life. In this way the capitalists create the conditions which cause death—lack of heat, falling ceilings, poor wiring, poor sanitation conditions, etc. These two housing

is just an rightly described, either because it has deteriorated to such a point where they are forced to do it is removed under the pretense of building some other much needed constructive. These three to cover up the capitalist class of genocide the capitalists have put operation middle city life and communities where these removal programs are going on. Model Cities leads the people to believe that all the deteriorated and demolished housing will be replaced with new low income housing for the better of human beings. However, reality indicates that this is not the case. The conditions are worsening daily es-

pecially in the transfer the Lower East Side and Lowerville—both areas resemble western cities and the new housing built to replace the massive destruction can be practically counted on two hands.

The people must realize that Model Cities is not a solution but a ploy to make them think conditions will change when in reality the people's living conditions become increasingly critical daily. Just as the people are through the five poverty programs they will also see that the replacement "Model Cities" is rich more just and deadly if the people allow it to continue.

It is becoming crystal clear to poor and oppressed people that this pigish government has never and will never do anything to aid them in their struggle to survive. Black and white people of color's 400 years of rape, brutality, arrest, and murder are even today lasting testimony of their experience in racist, fascist America.

Thus the Black Panther Party has come forth to deal with this problem in a revolutionary way—a way that will ensure change. From No. 4 of the Black Panther Party's Program and Platform states: "We want decent housing for all shades of human beings. We believe that if the White Landlord will not give decent housing

to our black community, then the housing and the land should be made into cooperatives so that our community with government aid can build and make decent housing for its people."

The Black Panther Party has established a housing coordinator to deal with obtaining decent housing for shelter of human beings for the people of their area. We along with the people are determined to obtain decent housing by any means necessary and that the clock is ticking in the landlord and if that doesn't work, liberating the building from them as the remnants of 1971 and 1974 College Ave. in the Bronx did. We are also trying to form a People's Movement, which will consist of individuals who have various skills to help repair what can be fixed with fixing up a house. Thus once we take over these houses we can depend on our own resources to make the house decent. People interested in working with the People's Movement Service or who have housing complaints can contact your nearest Black Panther Party Branch or Information Center.

DEARBORN SCHOOL--A SLAP IN THE FACE FOR THE BLACK COMMUNITY

The Dearborn School, or the "prison" as the children in Orchard Black housing call it, has been a birth in the side of the people in Dearborn for many years. Most of the attempts at changing the conditions of the school have been futile, and that which did take place—such as firing the roof which leaked for a couple of years and fixing the fifty toilets—disrupted the classrooms. The work began in the middle of last August, instead of early, and carried through late early October. A close examination of the "prison" reveals numerous deficiencies which could and should have been corrected years ago. Because of these conditions, the Dearborn School does not educate, but murders, daily, by stifling and crushing the hopes and aspirations of both the school children and their parents.

To begin a listing of the "prison's" faults:

1. The Dearborn School has no gymnasium. Once a week some of the children are taken to the Boy's Club, about 1/4 of a mile away, to use the gym there. What happens in the winter when after running around and playing at the Boy's Club, the children walk back to school in the cold.

2. On the day before mid-winter vacation, the school had to be closed and the children were sent home because there was no heat in the building. Other times there is no heat on the other side. How does a parent dress her child under these conditions? How can a black child learn anything other

than to freeze or to die?

3. The Dearborn School has no cafeteria. Lunch is fixed in the basement and taken upstairs to the rooms.

4. This is partially responsible for Mice Rats Cockroaches. In fact, some teachers are almost getting used to a 10 or 15 minute break in the middle of the class, in order to chase the mice out of their rooms, and stations are less and less shocked when they find dead mice and rats in the hallways.

5. Although the toilets were fixed this past summer, they haven't been cleaned since September. They're just about in the same condition that they were in before they were fixed.

6. In some of the rooms on the first floor, there are no lights and bookshelves.

7. To top it off, the most common problem of schools in the black community, absentee, absent teachers. The Dearborn School is full of teachers who either have no control over the children or, in one particular case, discipline (beat) the kids so hard that they become emotionally disturbed.

The Dearborn School cannot be considered as a specific isolated case. From a perceptual observation of the degrading "prison" and the wasteland of mud which surrounds it, we begin to become aware that the basis for the "prison" lies in the basic racist

Committee (don't forget that well-known racist Louis Ray Black and co-member Thomas Blackman, now Sheriff of Dallas County and the man responsible for the new pig station on Highway Street) inside the office of pig Mayor White and the city government.

The Dearborn School is an out-house and an alibi for the Dearborn School is a slap in the face for the people of the black community of Boston. The physical condition of the "prison" carries with it a statement to the Black people of Boston from the Boston School Committee and pig Mayor White's city government, a statement: "GIVE US, YOU DON'T GIVE! NO—WHEN YOU AIN'T LEARNING NOTHING!"

The Dearborn School is an insult, because of the living conditions; the crew of the problem lies down to the officers of Mayor White and the members of the Boston School Committee.

As the people of Dearborn, Mass move on this problem now, it is not just the concern for the parents in Orchard Park. Now we can understand that it is a matter of concern for the whole community. It is all of our children who are being whipped. Our children are being whipped but already processed through the code. We must act for to become it to endorse this genocide. We must move against both the specific problem of the Dearborn School and its causes in pig White's city government.

PIG "LEADER" TURNS ON THE PEOPLE

The Black community has always seen the victim of fascist occupation by Babylon's demons, as these pigs, the new fascist predators have introduced their occupation they constantly wait for an opportunity to make the Black community and breathe the inhabitants of some of Babylon's most deplorable sections, the Black community. As if these filthy swine don't have enough ease in entering and victimizing the Black community every so often their timing, "springing" — as the Negro leader" gives the pigs a green light to practice terror tactics in their favorite playground, the colony.

Such is the case in Vallejo, California's west section of town. A one-eyed, crippled-mouthed jackal named Arthur Scott, pig the son of every black resident of Vallejo is danger by calling the pigs two south Vallejo to clean up the "criminal element" in the town, there and across on the block. This scoundrel, Scott, went down to the Library Board Meeting and told the Board of Directors that the people in the South Vallejo area were afraid to use the local library because of the possibility of being mugged by the bangers. This scoundrel was an idiot to be recognized as a Negro leader by Vallejo's scoundrel, Scott, mayor, that he said of Vallejo doesn't want pigs to "clean up" the area, he will seek state or federal funds to do the work. This scoundrel nigger knows that the safest way to fix the Mayor's role and to prevent a "criminal" position is to recognize the Black community to the ally of fascism.

The arrests question in our black of Los Angeles which has a 10,000

gang area, two bars, a record shop and the library on it. The only place in the area that is comfortable to people in the large town around the library and a large parking lot near the liquor store. Instead of "criminal element" Scott going to his hide and asking for decent recreational facilities, this scoundrel scoundrel begged them to send more troops to terrorize the community. When the people of South Vallejo petitioned City Council to force in a despot, which is supposed to be a park, where a little boy drowned, good old Scottling Scott vehemently opposed the people's demands. But now this scoundrel thinks his monstrous plot is "for the people."

"Sayer Tom" really got his work. At least temporarily anyway. On March 13, two fat, slimy pigs were stationed in the parking lot brandishing fire shotguns, magnum pistols, and democracy sticks. These fascist pigs are doing to give a brother or sister a red-white or red in American government if anyone dares to use upon the block over one month. In a few weeks Scott will crawl into the Council Chamber with his tongue dragging the floor begging for his reward.

Cylo Scott, you have even a dream "forward" coming from the people. Pigs in Vallejo are stepping their plot of systematic genocide of Black people and you are helping them. Just as we have to cut ourselves off pigs preying over us, we also have to rid ourselves of niggers like you who are practicing covert fascism. We will certainly receive what's due you.

FASCIST MEDICAL CLINIC IN JAMAICA

The main purpose of the Black Panther Party is to educate and serve the people. Our Minister of Defense, Huey P. Newton, teaches us to implement programs that meet the needs and desires of all oppressed peoples. The Panther community programs are attempting to spur the community into action—creating action to make decisions and regain the dignity of the people.

In Jamaica, Queens, N.Y. there is a Medical Clinic at 108-04 54th Street. A fascist institution run by doctors that call themselves doctors but who could not in reality treat a flea with a broken leg. These fleas are subjecting the people of this community to all types of inhumane treatment. Like having them sit in a small office for long periods of time and then giving them some pills and telling them to come back tomorrow. They are treating

people for heart conditions, foot afflictions, eye, ear and nose disorders, medical examinations, dental work and anything else people may complain of.

The notorious "doctorship" was to make a profit out of the colony. Not only do they own the medical clinic, but a drug store next door. When people are treated by the foul doctors, they are sold or almost sold next door to the drugstore to buy medicine, therefore the profit is even greater for these greedy businessmen. As long as they can keep you coming back the more money they make.

The clinic is dirty and the medical instruments that are used are not sterilized. When one patient is treated, the same instrument is used without being sterilized first.

People that are treated at this so-called "clinic" almost always

come back because the medicine that is given to them does no good.

One sister from the community reported to me on April 6, 1970, that she went to the dentist at this "medical clinic" to have a tooth pulled. So she went to Jamaica Hospital and was told that someone pulled her tooth but she knew what he was doing, because her mouth was in bad shape—gums sore, mouth infected, she was told to go back to the dentist that did the work. The sister also reported this incident to the board of health, which did nothing.

The people of the community must be made aware and know through practice that the services in the medical area are totally inadequate to meet even the most basic problems. In capitalist America, medicine like all facets of

life, operates on the basis of profit, meaning that medical clinics, hospitals, doctors' and pharmaceutical companies' first interest is making money and the well-being of the people is second or obsolete.

Pig doctor Portney, the owner of the medical center and all his piglets must be exposed for the fascist, parasitic, greedy, dogs that they are. For too long we have let these exploitation robbers steal from the people and kill the people with their filthy medical centers and medicines. No longer will we stand by while these pig-headed fools make a profit at the expense of and not in the interest of the masses of the people.

Since most of the people that attend the medical clinic in Jamaica are on medical aid and the government backs medical aid, we know that the

government knows what is happening in all these medical clinics or most of them because the treatments have been reported to the board of health, and they are lying pants if they say that they do not know.

The Black Panther Party has gone forth to set up free community health centers all over America to serve the interest of all oppressed people. To give medicine back to the people whose means that medicine will serve the people instead of the greedy medical institutions.

3:15 P.M. , THURSDAY, APRIL 9, 1970

Three young brothers, Carlos Jackson, age 14, "Stickey" Duane McCain, age 14, and Adolph Booth, age 11, were riding their bicycles east on Russell Avenue. When they reached 7th Street, Adolph asked Peter, a 9 year old Chinese brother, for a nickel. Peter said he didn't have one, so Adolph said "Cowdick it", and kept on going. At this point Carlos, Stickey and Adolph were still standing there and Adolph's name came out of her house, stared at the brothers for a moment, turned and went into her backyard and returned with a stick. Looking armed

enough, the little old lady began to threaten the brothers saying, "You better not fail to my bushes or I'll kill you." The brothers started to explain that they were sorry if they had done something to her. The racist little old lady retorted, "I don't give a care if you do say sorry, it ain't gonna help me none. Do you know how old I am? I'm eighty (80) years old, I'll beat your butt, you Black NIGGERS." She then hit Adolph with the stick. Stickey couldn't just stand by and see his brother beat like he was a dog, so Stickey grabbed the stick and told

the little old lady, "Don't be hitting up 'cause we didn't bother you." The brothers, led up with all this madness, went across the street to the basketball court in order to prevent these well known occupying forces (pigs) from picking them up for something that wasn't their fault.

At 3:30 p.m. the brothers were playing around in the court. Two "men" approached them and asked which one hit the lady. Stickey explained that no one touched her but that he would apologize if it would make her feel any better. At this

time-up pigs the fascist pigs! Acting in the manner of a racist, white and blue fascists, they jumped out of their cars and dashed over to the little old lady and the brothers discussing the incident.

Ray Edmerson was in front of the Black Panther Party office, located on 6th and Russell Avenue, and could see the trouble developing. Ray walked up to 7th and Russell to investigate. Joe Cubawent with him. When Joe and Ray arrived on the set, Ray began to expose the pigs and their occupation of the Black community. These racist pigs couldn't stand it—they went crazy.

First they smashed Ray and beat his arm up behind his back (like way to his neck), handcuffed him and then viciously choked him. The people there could easily see that Ray could hardly breathe as the crazy pigs dragged him off to the car. On seeing this act of fascist brutality, Joe, not being a member of the sit-in majority, attempted to pull the pig off Ray. The pig threw Joe to the front seat and smashed his head on the steering wheel.

Having gotten rid of one of them "crazy niggers", both pigs combined their efforts and vamped on Joe. In a continuous cycle, the pigs began beating Joe all about the head and body with their sticks. They threw Joe to the back seat and with the same viciousness, the pigs turned on brother Stickey, who was standing, saying "That's someone going to help!"—they drew their sticks back and hit Stickey very hard on the head. By this time the pigs quit hitting the brother, he was almost unable to stand up and they literally threw him in the back seat. Stickey's sister, Debra, was also arrested for telling the little old lady not to hit her brother.

At this point, everyone sort of broke up, frustrated and angry, and walked down to the People's office (Black Panther Party office). We could see that the pigs had completely blocked off the entire area and had other cruisers in the area riding roughshod on the people. One of the "cruising" pigs pulled around the corner just as Adolph picked up his bag and showed his true pig nature, the pig stopped. This foolish pig thought he could throw Adolph into the car right in front of the People's office. The people were already angry so these obscene pigs and everyone had massed together and because of their indifference, the buffering had to let Adolph return to his people.

How much longer are we going to allow these fanatics, full of hate and grasping fascism, to ride around our communities, feeling safe and free to attack us whenever they see fit? The fascist pigs are racist fools, evil men, that must be dealt with by the armed people. There is no other way for us to tell ourselves and all of humanity, of these "people" that have no respect for the rights of human beings.

We're tired of these fascist dogs kicking down our doors, murdering our children in the streets, assaulting women with unborn life in their stomachs. All the atrocities that we, as a people have suffered and yet survived, for four hundred years, can no longer be allowed to continue—"WE'LL HAVE TO GET GUNS AND TO MEN."

WE HAVE TO FIGHT TO LIVE!

THE BIG LIE

It is and always has been the interest of the Black Panther Party to work for and with the people for the best that human technology can produce. Along with the people here in Mount Vernon, we are on the move for decent housing fit for shelter of human beings. If the landlord of this community will not give to our people decent housing, then they (the houses) should become the people's and the people can move on getting government aid, so that the community can build decent housing for the people.

The government has told the big lie Urban Renewal, but we know it to be "Slippery Democracy". It has been proven through-out Westerner countries, and across this country, that the government's only interest is to build up big businesses so that they can keep the economy going. They promise the people decent housing and to rebuild give them nothing but a few high-rise buildings that in no way meet the needs of the people for decent housing. In order to keep the biggers pacified while they build the "big lie" of improving the city to make it more livable and rid it of the slums and poverty.

But the people are beginning to wake up and are getting hip to the big lie that this fascist government has been running down on Black poor and oppressed people for all its history. The people understand that the government is not moving to their interests and that they are moving to put them out of the rich suburban cities into pigpens, known concentration camps, if they move to demand decent housing. Let the people must realize that they have the power to put a stop to the running "Big Lie". It is their human right to have the best that humanity can give and if this racist government won't give it to us then we will have to take what is rightfully ours.

Here in Mount Vernon, the city government has planned to build only 200 units—what added to the 150 units that have already gone up, will in no way meet the basic needs for housing. Under the different housing programs that the government has on the books, they could build enough houses for the people across this country, but they wouldn't pain or profit from such a great type of program. For ex-

ample there is a program called the "rent subsidy program" which would mean that the government would pay up to 50% of your rent and that a tenant would only pay 50% of his salary. Another program called "CO-OP" (cooperative housing) would mean that the tenants would have a share in the total building. So we can see from this that the government's only interest is to build housing from which they can profit.

The people, the masses of oppressed people, can not allow this peek-a-boo game to continue... dream, housing to a basic necessity. The pigs have proven their unwillingness to deal with the basic

needs of the people and now all the underhanded fools who have been involved in or supporting the oppression of the masses of people—the FBI, CIA, agencies and housing authority officials—had better face the reality of death as the oppressed rise up and destroy all those who aided in inflicting the centuries of pain which were suffered in silent indignation until the day of day—the time of revolutionary retribution.

...and the over-familiar scene
again unfolds, like a movie where
you can easily guess the ending
where the cars in the Wayne
run rings around the hairy piggy,
only "Black Panther" in the cowboy
boots.

Only this is for real.
Carlos is another nigger on a
South Philly block where the
gangs play their games - "GEMD-
CIND" (made in U.S.A.).

Why must it be said that he is
not? Where is the importance?
Would a world of difference be
made if I said he was an ebony
elder, an old Black man, of 60,
or 50? We Black people having
been faced with countless cases of
legal murders, street executions,
by the racist pig police and their
lackies, know that things will get
not worse before they get better,
and that the only intervention we

have is the Blackprint of self-
defense. That every Black home
equip itself with 12-gauge shotgun
ammunition, and 45 self-defense.
We remember the Army likes the
Harold Brown's even though we
to have forgotten.
We will either rewrite the racist
script, or we will blow up the
down, the decadent theatre which
lasts upon showing that mur-
derous flick. We intend to put
the Indians where the Cowboys
were.

The actors have been tipped, in
fact, voted, against us from way
back. White racist America must
not for a single moment believe
that the mantle (of Chief Chairman
Bobby) rests only to Bobby,
every Black man is our Bobby,
and the pigs must suffer the same
relentless retaliation from us for
murdering him as for any of us.

The Philly Panther Pigeons have,
after Harold Brown and Jerry
Brown found it easier to slide
into the colony with "nigger talk-
ers", Black pigs, thinking that the
brothers and sisters wouldn't get
upright if it wasn't "brother". Well,
pigs to pigs, torture to torture,
and murder to murder, a pig to a
pig. And the bullets that await the
right riders will deliver the

Black nigger hoodlums, the ef-
fected appearance, in the same
meaningful manner.

A people who have suffered ac-
tively for so long at the hands
of a racist society, must draw
the line somewhere. We believe
that the Black community of
America must rise up as one
man to halt the progression of
a threat that leads inevitably to
their total destruction.

"What do we do? Is the major
1969- to- 1970 question, which we
can no longer ask Malcolm. The
answer lies in doing what we wish
to do, what we must do, doing it.
For Jerry Brown, Harold Brown,
and Ralph Abernethy and all
our Black dead."

"Upwards to 20,000,000 Black
people, knowing you for the racist,
murdering nation of White
blatant hypocrisy that you are,
are no longer interested in ex-
plaining anything to you, America.
Indeed, we understand that you al-
ready know what it's about. We
know that your investigations into
the disorders are just a bunch of

maneuvers designed to give you
time while you multiply and per-
fect your machinery of repression,
which you have already unleashed

HUNTER'S POINT

CLARENCE BEAVER IS BEING SOUGHT
BY PIGS FOR ATTEMPTED SHOOTING
OF PIG RODGERS

THE PEOPLE ESTABLISH A LEGAL DEFENSE FUND

The people of Hunter's Point
Bayview area have come together
to try to find methods of dealing
with some of the acts of fascism
that are being practiced on the
people of the area.

The Bayview area has been under
attention of the city fathers, who
since the 1960 "riot" have been
putting money, lackey niggers spe-
cially, in the area. Really they
have resorted to their last hold-
gesture pig forces. The Bayview
Hunter's Point area is a small
community of potential revolution-
aries and the pigs know this, all
of their methods of persuasion have
failed and the people are now get-
ting hip to their games; they are
determined to maintain control. In
recent months there have been
several shootings, arrests and
general harassment. The most
recent being the death of Willie
Lawson by an off duty policeman.
This was compounded by the at-
tempted killing of one Adam Rogers,
who is the area's spokesman
to the area. Rogers accused
Beaver's brother and brother-in-
law, who was shot to death on
a street with many witnesses
surrounding that so-called accident.
Clarence Beaver is being sought
by the pigs now for supposedly
killing part in this attempted shoot-
ing of Rogers.

All of this was too much for the
people of the Hunter's Point area
and they have now set about ad-
dressing on getting some of their
questions answered and taking positive
action to inform and involve all
of the people of the area into
getting the justice police forces
and some of these nigger lackies,
one of their community.

The organizing of a small group
of interested people is now in pro-
gress to both gather funds if Cla-
rence Beaver is caught and legal
defense is needed. Now the group
has gathered to get together a
Hunter's Point - Bayview legal
defense fund for the people in their
community.

The points that were discussed
at the meeting last Thursday

deal with things the people have
been confronted with by the police,
such as 1. off duty policemen
with guns 2. the use of the fac-
tories in the area 3. the re-
sponse of certain ex-cons with guns
and their being friends with May-
or Alioum (formerly Adam Rogers)
4. the pigs down and in the
community 5. most important
of all, to establish a legal defense
fund.

The meetings are open to the pub-
lic and all are welcomed to come
out on Thursday nights at 5:30 PM
to Double Hook Baptist Church
at Lane and Shaver Streets. These
people are in need of money, mat-
erials and most important your
support and help out at the
meetings.

The Black Panther Party has al-
ways worked with any progressive
people of the community to help
educate and exchange knowledge.
We welcome these people of the
Hunter's Point Bayview area for
their courage to step into the
struggle for liberation. There will
be many Black developers from
this group and some of these things
will be in line with certain pro-
grams we in the Party have been
working on for some time. Com-
munity controlled police and not
the hiring of Black guards to patrol
the streets, a legal defense fund
for the people, and another group
to work against fascism.

We urge citizens to organize and
form such groups in the country,
not only with the strength in num-
bers can we begin to fight, at first
perhaps at a community level, but
then, city, state and nation wide.
It is necessary that we get our
information to the people about
what is happening in the community
for the many brothers and sisters
are being taken from us every day
and no one knows where it will
be too late to effectively help
them. So look around and find
someone to work with there are
problems wherever Black people
are on the face of this world.
B.C.
Hunter's Point Community Center

On Saturday, April 11, the people
of the Black community of San
Francisco came out to take part
in the "People's Free Festival"
which was sponsored by the Black
Panther Party.

Off The Pig?

The festival began at 10:00 a.m.
with an art exhibit of revolution-
ary art by the Minister of Culture
of the Black Panther Party, Emory
Douglas. Countless people -
mothers, fathers, sisters, and
brothers - stepped in the office to
visit the exhibit.

As the morning progressed some
members of the Party were en-
gaged in moving equipment and
materials from the office onto
Kimbly Field where the second
part of the festival was to take
place. Brothers and Sisters from
the community joined in with pre-
paring the park, as well as cook-
ing, serving and anything else that
needed doing. A truck was needed
to help move stage equipment onto
the field; a brother gladly volun-
teered himself and his truck to
help with getting the People's Free
Festival together.

At 1:00 p.m. the second part of
the festival began, which included
local Black entertainers bringing
a musical message to their people.
There were also "Off The Pig"
games for the children and of
course, FREE FOOD. The people
started pouring into Kimbly Field
like a magnetic force was draw-
ing them there.

One of the things that drew my
attention was the youth; the young
brothers and sisters who were
boiling over with enthusiasm as
they participated in the "Off The
Pig" games. There were cartoon
pictures of pigs and national pigs
glued onto rumpy milk cartons, the
children would be given rumpy balls
as ammunition, when they knocked
off a local pig, they got a small
bag of marbles, but if they knocked
off a national pig like Richard
Gill (Rogers) they got a whole cake.

There were also tables set up
with boxes of free clothing for the
people. Brothers and sisters from
the community without being asked
manned the tables and passed out
free clothing to the people. The
food hit the tables about 2:00 and
started from the community just
walked up and started serving the
people, without having to be asked.
I knew because I was in charge
of the food operation and I didn't
pick them out to serve, they
served themselves, and it was
beautiful. There was a kind of
"freedom feeling" in the air. The
people knew it was their festival
and they acted like it.

Emory Douglas and the Soul Claps
(a local entertainment group) was
singing hard and heavy as the

Emory's art on display

beautiful Black sisters lay down
on stage the latest dances to the

Onk - Onk Bang-Bang Dead Pig!

Black community. The people were
jammed at and the stage, as well
as in small groups talking, greet-
ing old friends and meeting other
people for the first time. As the
day got older it became increas-
ingly clear that the festival was
not only a success but that this
was only the beginning, that this
type of approach to closing the
communication gap in the Black
community is very functional and
that it is a good thing. For the
People's Free Festival manifested
"revolution" in every sense of the
word. When the Black Panther
Party speaks of revolution it is only
making a hole where the masses
of people actively take part and
share in all the revolutionary pro-

BIRTHDAY GREETINGS TO KIM IL SUNG

There are two basic reasons why an individual's birthday is commemorated; one, that the person is close to you, being a relative or dear friend, and the other, that you have come to admire this person from afar because of his great work and service to the people of the country and/or the world. If this closeness or admiration does not exist, then that individual's birthday really will mean little. Black Americans have chosen to celebrate the birthday of Malcolm X, as our slain leader and as the beginning of our long journey from mental slavery to thoughts of freedom and liberation, and the birthday of Huey P. Newton, the Minister of Defense of the Black Panther Party, as the man who stepped forward, picked up a gun putting Malcolm's philosophy into effect and bringing Black people in this country to a new level, a point in time where freedom and the struggle to gain that freedom became the obsession of the broad masses of people. We, as a people, have chosen to celebrate the birthdays of these two brothers who have given up everything in their tireless service...they are close to us, related to us, but they are also loved for their service.

It has been only of late that we have come to know the truth about the 40 million Korean people and their illustrious leader, Comrade Kim Il Sung. However, in this short period of time, we have developed a strong feeling of comradeship and profound respect for the people of the Democratic Republic of Korea and their leader. We have come to respect and feel the bonds of revolutionary love for the nation of people who have met and defeated U.S. imperialism on the battlefield, and have gone forth further to complete feats that could be considered miraculous in the short period of time that they have undertaken the work of socialist construction. Our enemy is the same: the imperialist forces that oppress the people of the world. We have since our "discovery" come to realize the beauty and complicity of the revolutionary Marxist-Leninist theory advanced by the leader of the Democratic Peoples Republic of Korea...theory that has given us insight and added to the body of Marxist-Leninist theory for the revolutionary peoples of the world. The concept of Juche advanced by Comrade Kim Il Sung has added new dimensions to our understanding and knowledge of revolutionary theory and tactics. Armed with the revolutionary concept of Juche, we can advance more

Long live the Korean People who are closely United
around Kim Il Sung

confident and assured of the correctness of our position.

Then it is with an admiration for his work and the closeness of spirit that exists between revolutionaries that we bring attention to the birthday of the courageous leader of the 40 million fighting people of Korea. We salute this great man, the Sun of the Republic of Korea, on his birthday. We send our heart-felt greetings and our wishes for long years of continued victories against the treacherous American foes and all their lackeys...our two peoples fighting together, the people of America

from within and the heroic people of Korea from the outside, will along with all progressive peoples of the world see an end to the reign of terror that America has enjoyed at the expense of the world and all its citizens.

What We Want What We Believe

3. We want an end to the robbery by the CAPITALIST of our Black Community

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now paying the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people. Therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.

*Huey P. Newton Minister of Defense
Black Panther Party*

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.
